

Adding tickets to the cart

Steps:

1. Navigate to the webpage: <https://tickets.klubzak.com.pl/>
2. Click on the "Tickets" tab to access the ticket selection page
3. Identify the "Buy Ticket" button, which is expected to be in the first position on the list, and click on it.
4. In the table that appears, locate the select field for choosing the number of tickets. Choose a specific number of tickets from the dropdown.

Expected results:

1. After selecting the number of tickets, a snack bar should be displayed, confirming the addition of the selected tickets to the cart.
 2. Verify that the cart summary is updated, showing the correct number of tickets along with their corresponding prices.
-

Removing tickets from the cart

Steps:

1. Navigate to the webpage: <https://tickets.klubzak.com.pl/>.
2. Access the "Tickets" tab on the webpage.
3. Select the first position on the list and click the "Buy Ticket" button.
4. In the tickets summary section at the top of the page, click on the dropdown list labeled "Show cart details."
5. In the ticket summary, locate and click the "Delete" button associated with the added ticket.

Expected results:

1. Verify that the tickets summary is promptly updated to reflect the removal, showing accurate information.
-

Ticket Purchase Workflow Validation

Steps:

1. Go to the "<https://tickets.klubzak.com.pl/>" webpage.
2. Add a ticket to the cart and click the "Buy Ticket" button in the summary section.
3. Provide accurate data for the mandatory fields.
